Explanation:

The mother's most prominent concern is likely to be what becomes of her son after she dies. Choice 1 is important but is not likely to be her most prominent concern. Choice 2 is also not likely to be her primary concern because the welfare of her son with schizophrenia is more important. Choice 4 is incorrect because Mrs. Owens has likely confronted and handled concerns about getting the physician to talk to her after 38 years of managing her son's care. Psychosocial Integrity
